RE: Chemical Recovery Systems, Inc. Site, Elyria, Ohio
Response to Special Notice Letter

Dear Ms. Sheppard-Johnson:

In response to Special Notice letter received from U.S. EPA during GM's two week vacation shutdown, General Motors Corporation does not have enough information concerning its involvement at this time to agree to perform or finance any work at the above referenced Site. However, GM continues to be willing to negotiate any alleged potential liability at this Site with U.S. EPA and other potentially responsible parties.

As you already know, I am the GM contact for this site. Please send any future correspondence or information to me at the address below. My email address is linda.l.bentley@gm.com.

Very truly yours,

Linda L. Bentley
Legal Assistant
